INQUE Group

INQUE was born to provide Kitchen hardware solutions in Mumbai, India. Today, we are also providers of shutters and cabinetry. For us, providing the best customer service, customer experience and company culture is of utmost importance.

INQUE is a homegrown brand with its established, experienced and esteemed roots founded by a family that created ENOX.

A firm foundation for Pooja Hardware Pvt. Ltd. was laid down in the year 2007 with the brand ENOX with its product portfolio comprising Glass hardware, sliding solutions, door control, furniture fittings and kitchen hardware.

With time being grateful, our hard work helped us reach a commendable milestone of sales volume which progressively increased year on year.

In the year 2014, A Swedish multinational company named ASSA ABLOY acquired ENOX, with the branch of business that deals in locks and hardware. At that time, we were the market leader employing 220 passionate employees in our team. Since, the Kitchen Hardware business was not acquired from our product portfolio, we decided to continue our Kitchen Hardware under the INQUE brand with Pooja Hardware.

To take INQUE to a different height, we have started a new company named Inque Solution LLP. Inque Group of companies have acquired multiple brands, out of which AVEO Hardware India Pvt. Ltd. is one of its prized possessions.

Successful companies don't just happen. Success requires nurturing, years after year to assure that customer expectations are not only met, but are also exceeded.

HISTORY

At AVEO, we trace our beginning back to 2008, the year Mr. Ashish Shah laid the base of our company in Mumbai, India. To introduce our founding member, Mr. Ashish Shah with a handful of experience in retail hardware stores, started a wholesale trading firm in Architectural Hardware. Later on, in the year 2015, he laid a firm foundation of AVEO HARDWARE under the brand name AVEO. Thereafter, equipped with his experience and expertise, in the year 2021, with an ambition to take AVEO to great heights, a marginal stake of Aveo Hardware was passed over to INQUE Group of Companies. With this acquisition was born the Aveo Hardware India Pvt. Ltd., under the leadership of Mr. Ashish Shah, Mr. Divyesh Shah and Ms. Komal Shah falling under the INQUE group of companies

WHAT WE DO

At Aveo Hardware India Pvt. Ltd., we intend to inspire the world by showing it's possible to deliver happiness to customers, employees, vendors, shareholders, and the community simultaneously in a long term and sustainable way by providing exceptional quality hardware.

AVEO product palette consists of Glass Hardware, Sliding solutions, Furniture fittings and Door automations.

We aim to make lives easier and convenient with our hardware being smart and functional at the same time. With their extensive experience in the Hardware industry, our founders timely understood the peculiarities of the market and its needs. Our Product palette is designed and drafted very meticulously to cater to a variety of requirements and choices. Our team is a bunch of passionate people who are updated with the international market and work hard to introduce the latest products in India.

VISION

To be the synonym for Architectural Hardware in India and globally.

MISSION

To make Aveo, a Hardware solution provider globally.
